## MUST REBUKE HUN ACTS OF TERROR

Peace Conference Must Take Such  
Action, President Wilson De-  
clares in Paris Speech

### REPLIES TO PRES. POINCAIRE

Arrival of American Party in French  
Capital Greeted By Ovation  
and Booming of Guns

(By United Press.)

Paris, Dec. 14.—President Wilson arrived in Paris at 10 o'clock this morning. His arrival was announced by the booming of guns and throughout the city vast throngs in the streets set up a tremendous cheer.

Great crowds lined the entire way from the railway station to Prince Murat's palace. President and Mrs. Poincare greeted the American executive and his wife at the station platform. The two presidents rode in one carriage and their wives in another.

The peace conference must take such action as will rebuke Germany's acts of terror and spoliation, President Wilson declared in an address here today. The president's plea was made in answer to an address of welcome by President Poincare.

President Wilson stated that the world must be made aware that such acts which Germany has committed could not be bettered upon certainty of just punishment.

"From the first," the president stated, "the thought of the people of the United States as toward the outcome was something more than mere winning the war. They wish the establishment of the eternal principles of right and justice. They realized that merely to win the war was not enough; that it be won in such a way as to insure the future peace of the world and lay the foundation for the freedom from hostilities of the peoples and nations of the world."

President Poincare paid high tribute to the aid given since the war by people of the United States and also highly praised the work of the president. He said that the French government would present to President Wilson authentic documents to show how the German government developed its program for brutality to France.

As the presidential party left the station they received a tremendous ovation from the crowds.

The carriage started up the street preceded by mounted guards.

The demonstration increased as the procession moved on. Wilson and Poincare were continuously acknowledging the wild outbursts of enthusiasm.

Premier Clemenceau and General Pershing were also honored.

Many women in the throng wept openly.

The party drove immediately to the palace of Prince Murat in the Rue de Monceau, where the President will live while in Paris.

The route was lined with French troops in solid array. The cheering of the crowds as the President passed was vociferous and hearty.

The city made a fete of the President's coming.

The passage of the presidential train from Brest to Paris revealed the interest attached to the President's visit. At every station crowds waited through the night for the passing of the train, hoping to see Mr. Wilson. Their cheers were heard as the train slid by in the darkness.

The crowds at an early hour larger than those on the occasion of visits of heads of foreign states. The weather was favorable.

The scene at the railroad station was beautifully set. The platform was carpeted in red, while palms adorned the broad stairway.

The band of the republican

## HE LIVED AT RUSSIAVILLE

Predictions of Yesterday About Mis-  
take in Casualties Prove Correct

Predictions made yesterday in the Daily Republican that there was an error in the government casualty list giving the address of Homer S. Allison, who was listed as severely wounded in action, as Rushville, R. R. 3, proved correct today when Will Billings of southwest of Milroy reported that Homer S. Allison, probably the one mentioned in the casualty list, formerly lived at Russiaville, Howard county, Ind., and that he was the son of Oliver C. Allison, who was given as his next of kin in the casualty list. On account of the similarity of the two names, the mistake was easily made. Allison is a relative of Mrs. Billings.

## WIFE GETS DIVORCE AND \$3,000 ALIMONY

Myrtle Culbertson is Granted De-  
cree of Separation and \$1,000  
a Year For 2 Children

### ALLOWANCES IN TWO CASES

Mrs. Myrtle Culbertson was granted a divorce in circuit court today by Judge Will M. Sparks, from her husband, James E. Culbertson, a prominent farmer of near Glenwood. She was also allowed \$3,000 alimony and \$500 a year for the support of each of their two children. The suit was filed October 8 and the ruling was made by the court immediately after the evidence was heard this morning. A similar suit filed last spring was dismissed by Mrs. Culbertson before the second suit was filed. The judgment in the case provides the alimony shall be paid at the rate of \$1,000 a year on January 15 of each year, beginning next month. Mrs. Culbertson was also allowed \$50 attorney's fees.

Motions for allowances in two other divorce suits were also heard by the court today. Martha F. Durham of Washington township, who sued James O. Durham this week for a divorce, was allowed \$3 a week support money pending trial of the case. Mr. and Mrs. Durham are 61 years of age. Ida Mae Downey, who sued her husband, Leslie Downey of this city, this week, was allowed \$5 a week for support until the case is heard.

## MEN DISCHARGED AT RATE OF 15,000 A DAY

Chief of Staff March Says 824,000  
In This Country Are Picked  
For Mustering Out

### 32,000 HAVE ACTUALLY SAILED

(By United Press.)

Washington, Dec. 14.—The demobilizing departments in this country are now turning out about 15,000 a day. Chief of Staff March announced this figure today. Chief of Staff March added that 824,000 men in this country have been designated for early discharge, while a total of 5,600 officers and 135,000 men have been designated for early convoy home from abroad.

In this country 17,000 have already been discharged and from the American expeditionary forces, 1,300 officers and 30,700 have actually sailed.

### SON IN BASE HOSPITAL

Greenfield, Ind., Dec. 14.—James Curry has received a message from the war department that Oral B. Curry, his son, of Philadelphia, this county, was in a base hospital in France, recovering from wounds in the right shoulder and hip made by machine gun bullets.

## NEWMAN SENT TO JEFFERSONVILLE

Guy, One of Three of Same Name  
Held in Jail, Pleads Guilty to  
Burglary Charge.

### ADMITS THE POLK ROBBERY

Must Serve Term of 2 to 14 Years—  
Denies Any Part in Theft at  
Two Houses.

Guy Newman pleaded guilty to a grand jury indictment charging second degree burglary, in the circuit court today, and was sentenced to serve a term of two to fourteen years in the state reformatory in Jeffersonville by Judge Will M. Sparks.

Newman was accused in the indictment of breaking into E. E. Polk's hardware store, 127 North Main street, a week ago Thursday night, and helping to carry away merchandise valued at about \$75, and \$5 in money. He was arrested last Sunday.

In addition to being sentenced to a term in the reformatory, Newman was also rendered incapable, by the court's judgment, of holding any office of profit and trust for a period of two years.

Fred Clevenger, Jr., has already pleaded guilty to the offense for which Newman was sentenced, but judgment has been withheld in his case so far and he is at liberty on his own recognizance.

Newman did not implicate anyone in the Polk robbery, declaring that he and Clevenger were the only ones who entered the store. It is certain, however, that there are one or more other persons guilty of having a part in the burglary because Earl Osborn, who walked into the store at ten o'clock in the evening while the robbers were at work, saw three in the store.

Delbert Newman, who is held in jail as a suspect in the case, has not been implicated yet.

Bert Newman, who was arrested in Indianapolis Thursday and brought here the evening of the same day, together with Mrs. Jessie Fleener and Mrs. Blanch Gilson, is still held in jail without bond and no formal charge has been placed against him, contrary to the statement yesterday that he had been arraigned on a grand larceny charge. Newman was arrested because he was found in possession of articles stolen from the home of Mrs. Mary L. Neutzenhelzer two weeks ago tonight.

The authorities have learned that Guy Newman was the one who carried these stolen articles to Indianapolis. He admitted having taken them to Indianapolis but denied that he entered the home of Mrs. Neutzenhelzer or Mr. and Mrs. Fred Boxley. He told a lame story of having seen a man get off a traction car with a suit case. He said part of the articles were dropped out and that he picked them up. Newman then watched where the loot was hidden, he declared, and took it to Indianapolis. The officials do not believe this.

The two women, who are accused with receiving stolen goods, in connection with this robbery, are still in jail under \$500 bonds.

## ASKS EARLY PEACE COUNCIL

Germany Pleads For Beginning of  
Negotiations as Soon as Possible

(By United Press.)

Washington, Dec. 14.—Germany has asked that peace negotiations be started as soon as possible on account of the conditions of Germany.

A communication from Germany through the Swiss government today asked the state department as to the place and date of negotiations. The Swiss government asked for a prompt reply.

## "FLU" SITUATION IS NOT ANY WORSE

Although 86 New Cases Develop, Re-  
ports From Outside Rushville  
Cover Period of 48 Hours.

### ONLY FOUR ARE IN THE CITY

Rushville Schools not Breeding  
Place for Malady, Authorities are  
Convinced—Not to be Closed

Although eighty-six new cases of the influenza were reported up to noon today, the situation did not appear any worse than it has been because only four of the new patients are in Rushville and the reports from elsewhere in the county cover a period of forty-eight hours.

Dr. Barnett of Homer last night reported thirty new cases developing since Wednesday and Dr. Metcalf of New Salem reported twenty more cases. Rushville doctors sent in reports of twenty-seven new patients outside of Rushville. Dr. Kennedy of Milroy, where the situation is decidedly improved, reported only five new cases. Milroy doctors have found only thirty-six new patients in the last week, according to the Milroy press, and some of these were in the Manilla neighborhood. The same source is authority for the statement that the two Milroy physicians have treated 245 patients for the influenza during the epidemic.

Today's report of four new cases in Rushville makes the total for the city so far this month 135, which is an average of approximately ten a day. Although some day's reports have been high, others have been correspondingly low, and the average reveals that conditions in Rushville are not any more alarming than they were the first of the month.

The four new patients in Rushville are Bert McElwaine and son Ernest, age three, 225 East Eighth street; John E. Stiers, infant son of Mr. and Mrs. Wilbur Stiers, 732 North Perkins street, and Elizabeth Pierson, 320 West Third street.

Today's reports bring the total for the county during the epidemic to 1862.

As long as local school officials are convinced that the Rushville public schools are not a breeding place for the Spanish influenza, the schools will not be closed. Every possible precaution is being taken to keep well the children who are able to go to school. The physical condition of all the pupils is being carefully guarded by the school board, which have employed Dr. John M. Lee as medical examiner. Since Surgeon General Blue of the United States health service, has advised the closing of the schools on account of the recurrence of the epidemic in many communities, some patrons here have expressed the opinion that the schools should be closed. However, the investigations of the school officials disclose that the majority of the children who fall sick with the influenza get the malady at home, instead of in the schools.

The school authorities and teachers are keeping a careful check on every school child in Rushville. Whenever a child is out of school on account of sickness the teacher immediately learns the nature of the illness and where it was contracted. Whenever the children show symptoms of illness of any nature they are sent home. When the symptoms are of a very contagious disease, the pupils who may have been exposed are properly examined. An example of this is found in Miss Marjorie Smith's room in the Graham Annex building. Not long ago one of the pupils was believed to be developing scarlet fever. The school medical examiner was immediately called but no symptoms of the disease were found among the children in the room.

The influenza epidemic has not

## ANOTHER NURSE EMPLOYED

Mrs. Cornelia Lyons to Assist Dur-  
ing Influenza Epidemic

On account of the increasing number of influenza patients needing attention in Rushville, the Red Cross civilian relief committee has employed another nurse, it was announced today. The services of Mrs. Cornelia Lyons have been obtained by the committee to assist Mrs. Thomas Cohee, a Red Cross nurse, and Miss Maud Hunt, visiting nurse, who have been unable to meet all the demands made upon them. There are so many instances where practically every member of the family is ill and no help is available, that the nurses find more than they can do.

## SHORT VACATIONS FOR CHRISTMAS THE RULE

Rushville Schools And Most of  
Township Schools Will be Closed  
3 Days For Holidays

### DUE TO TIME LOST EARLIER

The Christmas vacation for Rushville school children and also for the children in the township schools, which are in session, will probably be the shortest ever allowed in the history of the public schools in Rush county. The Rushville schools will be dismissed Tuesday afternoon before Christmas and will enjoy a holiday vacation of only three days. The same number of days will be allowed in most township schools, which are open. The length of the Christmas vacation rests entirely with the township trustee.

The usual holiday period is shortened this year on account of the many weeks of school, which have been closed on account of the ban on public gatherings in October due to the Spanish influenza. Some township schools have not been as fortunate as the Rushville public schools, however, because in many instances teachers have fallen sick and compelled the closing of the schools. It is estimated that approximately half of the schools in the county are now closed and there is little possibility of any of them being opened before Christmas.

## AMERICANS CROSS RHINE FRIDAY, 8 A.M.

Company of 18th Infantry is First  
to Reach East Bank—Cross-  
ing on Front of 37 Miles

### HUN PONTOON BRIDGE USED

(By United Press.)

With the Americans Across the Rhine, Dec. 14.—American troops crossed the Rhine about eight o'clock Friday morning in a drizzling rain.

Four bridges and two ferries were utilized along the front of 37 miles, upon which the crossing was made. The first division went over at Coblenz on a German pontoon bridge.

Brigadier General Parker was at the head of his own brigade. A company of the 18th infantry was the first to reach the east bank. The French division hurried up to aid in occupying the bridgeheads.

### IN CHARGE OF CABLES

New York, Dec. 14.—Newcomb Carlton president of the Western Union Telegraph and Cable Company, has been placed in charge of all marine cable systems of the United States by Postmaster General Burleson, it was announced at Mr. Carlton's offices here today. He has accepted the appointment, which was declined by George G. Ward, vice president of the Commercial Cable Company.

## BIG ARREARS IN PAY AIRED AGAIN

Complaints That Soldiers Have Not  
Received Any Money For  
Months Before House

### CHARGES OF INEFFICIENCY

Accusations Made Against War Risk  
Insurance Bureau—300,000  
Letters Unmailed

Washington, Dec. 14.—Complaints that soldiers in the hospitals at West Baden, Ind., and other places have not received their pay for months, aired in the house of representatives recently by Minority Leader Mann, were brought up again yesterday.

Accusations of inefficiency against the war risk insurance bureau were also made. Representative Rucker, of Missouri, asserting that he could provide unquestioned proof that 300,000 letters containing allotments, applications for allowances, applications in behalf of widows and wives who had been deserted, and other matters, were dumped in a heap at the war risk bureau and left there.

"When some clerk discovered these letters," said Mr. Rucker, "and opened up 3,000 or 4,000 of them, some one higher in authority said: 'That has got to stop, because it is making too much work.'"

"I do not say that is true on my own authority. I do not know that it is true, but what I do say is that an investigation should be had. I shall apologize to the house if I can not furnish proof to verify what I have stated here this morning. Every mail brings to each and every one of us letters from wives, from mothers by the dozens, showing that they have received nothing for months and months. It ought not to be so." Representative Madden, of Illinois, said he received today a letter from a soldier. "He sets forth the fact that he made an allotment to his wife and that his allotment had been deducted from his pay, but she has not had a dollar since last July and neither has he."

The statement is not only true in that case, but in thousands of others, said Representative Dowell, of Iowa. "It seems that the department in charge of these things has not made any attempt to pay the wives of soldiers and they will not even answer the correspondence when these wives send letters."

## THREE LAW SUITS SETTLED TOGETHER

Compromise For \$500 in Cases Filed  
by Ruth Parker Against Al-  
bert Gahimer

### \$4,000 DAMAGES DEMANDED

Three law suits were settled in the circuit court late yesterday afternoon when the case of the state ex rel Ruth Parker against Albert Gahimer of near Manilla, which was being heard by a jury, was compromised and dismissed. The other two cases were for breach of marriage contract and damages, \$2,000 being demanded in each case, and were filed and shown dismissed by agreement, after the suit on trial was settled, in order to make the record straight. It is reported that all three cases were settled for \$500. The jury which heard part of the evidence in the case and was then dismissed when a compromise was arranged, was composed of the following men: O. J. Myers, Omer Gartin, Will Rawlings, Lon Newhouse, William McCoy, Lew Cline, Charles Vogle, Charles French, Bert Osborne, Ed Moore and R. P. Havens.

Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give **Foley's Honey and Tar.**

It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. Foley's Honey and Tar tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute.

Mrs. B. H. Garrett, Schoolfield, Va., writes:—"My baby was stricken with a severe cough and cold at one month old. I gave him ten to fifteen drops of Foley's Honey and Tar every three hours and it surely did help him. He hasn't been sick a day since."

**MRS. EFFIE LINDEMOOD OF CARTHAGE, IS DEAD**

Expires Friday Evening of Double Pneumonia Developing Thursday Following The Influenza

**FUNERAL SUNDAY AT 2 P. M.**

Mrs. Effie Lindemood of Carthage, died at her home Friday evening at 7 o'clock of double pneumonia developing from the Spanish influenza.

The deceased was the daughter of Mrs. Rebecca Binford of Carthage and was born in Rush county near Walnut Ridge May 13, 1885. She was a member of the Friend's church at Walnut Ridge and also a member of the Rebekah lodge at Carthage. Mrs. Lindemood leaves her husband, Lawrence Lindemood and two sons, Joseph J. and Marion R. Lindemood, her mother, and one sister, Mrs. Mable Gurley. The funeral services will be held at Walnut Ridge church Sunday afternoon at 2 o'clock with the Rev. Frank Edwards of Westland, conducting the services. Burial will be in the Walnut Ridge cemetery.

Mrs. Lindemood's husband, two sons were first sick with the disease and she contracted it from them and developed pneumonia Thursday.

**RECORDS OF LOCAL ARMY BOARD SEALED**

Selective Service Record of Rush County in War is Now a Matter of History

**BOARD HAS ONE TASK LEFT**

The Rush county local army selection board has at last completed its many duties and has sealed the records, thus closing a long period of service which assisted materially in winning the war.

Some time ago the board was instructed to seal the records on December 10, to be opened only on orders of the provost marshal general or the governor of the state. Before that date arrived, however, the board was instructed to arrange the registration cards and questionnaires in sequence of their order numbers. This task having been performed, the board sealed the records and the selective service record of Rush county is now a matter of history.

There is still one thing the board has to do—make a report to the state conscription officer twice each week of the number of selective service men in the service who will be able to return to their old employment when they return home. This information is received in answers from the last employers of selected men, who have been requested to inform the board whether or not they will take ex-soldiers back into their employment. The board is also expected to send a copy of the reply of each last employer who says he can not take back a selected man who was working for him when he was called into the service.

**MUSTERED OUT OF SERVICE**

Lieut. Cleo Emsweller, son of Mr. and Mrs. William Emsweller of near New Salem, has been mustered out of the service at Fort Sill, Oklahoma, and has returned home. He enlisted here with Company B and was first in training at Camp Shelby, Miss. Lieut. Emsweller won his commission in the officers training camp at Camp Taylor, Ky., and was then sent to Fort Sill.

**FARM LOAN BONDS SOLD**

Washington Dec. 14.—Two million dollars of farm loan bonds of the new issue, bearing 4 1/2 percent, have been sold to the Treasury since November 1, the farm loan board announced yesterday. No farm loan bonds will be sold publicly until after the war, in order not to put them in competition with liberty bonds.

**FAITH IN THE RED CROSS.**

A young American soldier recently arrived in France tried to locate his brother, who was also in the army and who had preceded him "over there." It was like hunting for a needle in a haystack. After many difficulties and long waiting, however, he at last located the company to which his brother belonged.

Then he learned that his brother had been wounded and was in some hospital. That was all he could find out. With the faith of a little child in his eyes he told this to a hospital searcher belonging to the American Red Cross and then with the faith of a little child he added: "But the Red Cross will find him." And the Red Cross did.

WAS SICK ONLY A FEW DAYS

Walter Duke, age thirty-nine years, local agent for the Moline tractor, died last night at 7:45 o'clock at his home, corner of Eighth and Perkins streets, of double pneumonia, which he developed Thursday following a few days illness with the influenza.

Mr. Duke was sick little more than a week. His condition was regarded as serious from the first, however, and for two days preceding his death, little hope was held out for his recovery.

Mr. Duke lived in Rush county all of his life and devoted all of his time to farming until about a year ago when he took the agency for the Moline tractor. He made a success as a business man and was preparing to locate in a new building which has been erected at the corner of Main and First streets, when he fell ill.

Mr. Duke's only survivor is the widow, his parents and a brother and sister having died several years ago.

The funeral services will be held tomorrow afternoon at 2:30 o'clock at the house and burial will take place in East Hill cemetery.

## Amusements

### Comedy and Romance

At the Mystic theatre tonight Carmel Myers will appear in "A Broadway Scandal," a romance of a French girl in New York and a comedy entitled, "The Kitchen Hero," will also be shown.

### Gladys Leslie at Princess

Gladys Leslie will appear at the Princess theatre tonight in "Wild Promise," a sparkling comedy drama, and Bill Parson will be seen in a dandy comedy, "Bills Camp Out". Monday, and official war picture, "America's Answer". The famous Dolly Sisters will be shown here Tuesday in "The Million Dollar Dollies".

"America's Answer" is the second in the Government's series of "Following the Flag to France," pictures, and is designed to show what was accomplished in France during the first year of America's participation in the World War. It presents the wonderful 3-mile dock "somewhere in France," built on swamp land by American soldiers; refrigerators, railroads, great storage warehouses, water dams and other American activities needed to keep our million and more men in France; it shows how the American soldiers live, how they are fed, how proper sanitation is provided, how they are cared for in the base hospitals and in the field in case of illness or injury; it pictorializes the great American salvage department, where half-worn clothing is renovated, the utilization of old and discarded shoes and hats, and other industries; it shows how an endless stream of American built trucks kept supplies going to the front; the camouflaged guns, the acres of shells and other ammunition, the American aero squadron, and, finally, the actual fighting, in which American soldiers brought undying honor upon themselves and their country.

Tons of food—4,672.97 to be exact—were shipped by the Red Cross to the Allied countries during August, 1918.

## SCHOOL TO OPEN DEC. 30

The Rushville township consolidated school in the Webb neighborhood will not open until December 30, James V. Young, township trustee, announced today. The school was closed on account of the influenza epidemic and it was first planned to reopen December 16, but this has been found impossible.

From Red Cross hospital gardens in France over 5,000 convalescent soldiers have harvested 23 tons of green vegetables and a large crop of potatoes.

**Saving to Bring Them Home.**

Empty ships cannot be sent from America to France to get loads of soldiers. People are starving on the other shore and must have food from America. Every ship that leaves our ports for European shores must be filled with food. When we remember that we have more than two million soldiers overseas who must be fed; that we have a food pledge to the Allies to fulfill; and that millions of liberated people are looking to us for food, we realize the tremendous task ahead of us. The housewife is now saving food in order to save the world that her son helped to rescue from absolute destruction.

There can be no putting off for a few weeks this newer and greater task. No American housekeeper can relax her strict program of food saving by thoughtless celebration of the greatest victory in the world. She must begin today to increase the rigidity of her conservation rules. The starved in Europe must eat now, and not wait until next spring. Reserves must be piled up to be ready to fill the ships when they start after our soldiers, or the homecoming will be delayed.

The women of America have proved what they can do when the country calls on them for food. They will not fail in this greater task when the country calls for more, and still more food—not for our own soldiers, or even the allies alone, but for a famished world. The work of the women in the homes will last for a long while yet—until Europe gets back on its feet. But right now—right today—the task is greatest of all, because so much must be accomplished in a few months. The American women can do it—they can save food to win the world, just as they saved food to win the war.

**Safeguarding Liberty Bonds.**

A method of restricting fraudulent or highly speculative stock promoting schemes involving the trading of these securities for liberty bonds has been devised by the Treasury and may be put into effect soon to protect the millions of liberty bond owners against loss. The Treasury's plan would be a regulation by which promoters would find their business subject to close scrutiny by the government. Those whose business was found suspicious or actually fraudulent might be barred from accepting liberty bonds in payment for their securities through the government's refusal to grant them operating licenses.

The authority for this plan is given in the provision in the fourth liberty loan act empowering the President to "investigate and regulate by means of licenses or otherwise" transactions in liberty bonds or certificates of indebtedness for two years after the proclamation of peace.

Numerous organizations, it is reported to the Treasury, have been formed to float stocks for oil or mining development and other propositions, and many of them have circulated alluring advertising pamphlets offering to accept liberty bonds in payment for shares of their stock, which, it is claimed will pay a higher rate of interest.

The tortures and discomforts of weak, lame and aching back, swollen and bloated feet and limbs, weakness, lassitude, dizziness, nausea, that tired wornout feeling, nervousness, sleeplessness, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haarlem Oil Capsules. This old and tried remedy for kidney disease and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you feeling fine and prevent a return of your trouble.

Independence Near in Matter of Maps and Shipping Charts, Navy Advises in Annual Report

**SITUATION HUMILIATING**

(By United Press.)

Washington, Dec. 14.—America should be independent of the rest of the world in the matter of maps and shipping charts, as a matter of national security, the navy hydrographic office advises in its annual report today.

"A position of independence" says the report, "will secure to us great advantages in the features of national security, efficiency due to working under an individual and homogeneous system, undivided responsibility for the safe navigation of our shipping, both naval and commercial and resurrection from the humiliating situation of the leading nation in the world being dependent upon other nations for nautical information."

The report shows that in the last year, the service has been so developed that the desired independence has been about reached.

made such deep inroads on the school attendance as is generally believed, according to Superintendent J. H. Scholl. There are only ten pupils out of 135 in the junior high school and 20 out of 175 in the senior high school ill. There are 21 pupils from the Jackson school kept at home on account of the epidemic and about the same number from the Havens school are out for the same reason. Some times pupils are sent home when there is influenza in their home.

"Our notion is," said Superintendent Scholl today, "so long as we can keep some healthy children in school, that the schools are doing some good. We can at least continue to educate those who are well." It is estimated that probably half

of the schools in the county are closed on account of the influenza. The schools at Carthage and Milroy, the two largest towns in the county outside of Rushville are closed and it is uncertain when they will be reopened. Many schools have been closed on account of teachers falling sick with the disease.

**The Freedom of the Seas**

**WHAT IT MEANS IN AMERICA, ENGLAND, AND FRANCE**

There is a very interesting article in this week's LITERARY DIGEST—December 14th—bearing upon the most vital topic likely to be discussed at the great peace conference—the Freedom of the Seas.

While Lieutenant-Colonel Repington, the famous British Military Expert, remarks that "I have not the slightest idea what freedom of the seas means, nor have I met anyone who can tell me," London and French newspapers have quite definite ideas as to its meaning.

Much of the comment in the London and Paris papers emphasizes the fact that President Wilson has not yet defined what he means by freedom of the seas, but most of the French journals agree with the Paris *Matin* when it says "if this doctrine means any diminution of the power of the British navy, France will reject it."

## VISITING TEAM IS OVERWHELMED

Rushville High School Five Runs Away With Brookville Quintet With Score of 55 to 10

IS BACK TO OLD TIME FORM  
Locals Show Class in First Half by Piling up 29 Points Before Visitors Get Started

The Rushville high school basketball team returned to its old-time form last night and overwhelmed the Brookville high school five by the score of 55 to 10, in a game at the Graham Annex gymnasium.

The local team has been going bad ever since the season opened because of many handicaps, not the least of which was the injury which Norris, the capable floor guard, suffered several weeks ago, and which resulted in him being out of the game until last night. The team has also suffered for the want of practice, due to interruptions because of epidemics and sickness.

The Rushville aggregation played the kind of ball which it is capable of playing last night and revealed to the pessimistic that there is hope of a winning quintet this year, even after the poor showing which was made the first few weeks of the season.

The locals started out in whirlwind fashion and played the visitors off their feet in the first few minutes. The Rushville forwards and center hit the basket regularly and took all of the "heart" out of the Brookville players. The score stood 29 to 5 at the end of the first half and it was evident then that the visitors were whipped.

Tompkins and Keating, center and forward, on the Rushville quintet, divided honors with eleven field goals each. Caron, the other forward, also has five field goals to his credit.

Brookville was held down to two field goals—Cooksey, center, making one in the first half and Hanna, forward, one in the second half.

The summary:

|                |                 |
|----------------|-----------------|
| Rushville (55) | Brookville (10) |
| Caron          | Hanna           |
| Keating        | Forwards        |
| Tompkins       | Center          |
| Norris         | Cooksey         |
|                | Guards          |
|                | Cook            |

Headlee McCook  
Fieldgoals—Caron 5, Keating 11, Tompkins 11, Hanna 1, Cooksey 1; foul goals—Tompkins 1, Hanna 6. Substitutes—Rushville, Miller forward and Becker and Dill guards; Brookville, Hanna forward and Federman center. Referee Humke of Connersville; scorers, Gunning of Rushville and Sauter of Brookville; timers, Carr of Rushville and Bossett of Brookville.

Highwaymen Make Away With \$13,000 in New York After Holding Crowd at Bay With Revolvers

A DETECTIVE IS ALSO SHOT

New York, Dec. 14.—Two officers of the East Brooklyn Savings Bank were killed late yesterday by two highwaymen, who escaped in a taxicab with \$13,000, after shooting a detective who tried to stop them and holding a crowd at bay with their revolvers.

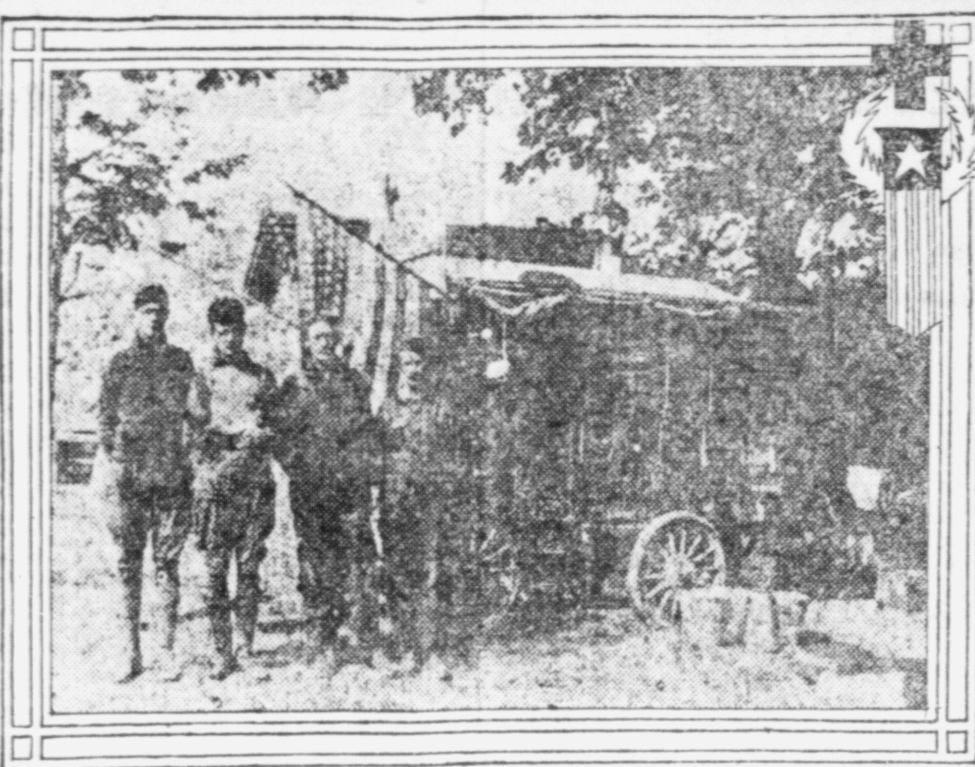

The robbers chose the busiest time of the day for their purpose. Entering, as if to make a deposit one advanced to the paying teller's window and thrust a revolver through the bars, while his companion covered other persons in the bank.

When Daniel C. Peal, the teller, failed to "come across," as ordered, he was shot through the heart. His slayer then took his turn at "covering" the crowd, while his companion ran to another window, forced a clerk to retreat to the rear of his cage and then crawled through the small opening.

From that cage he hastened to the one where the murdered teller lay. He thrust rolls of bills into a linen bag, and when Henry W. Coons, assistant treasurer of the bank, ran forward, he, too, was shot. He died later at a hospital.

## Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof-top becomes an integral part of your Ford at a very reasonable cost.

## PRISONERS TELL OF CRUEL TORTURE

Thousands of Entente Soldiers are Done to Death by Overwork and Starvation.

WORKED UNDER SHELL FIRE

Captain R. P. P. Rowe Describes How the Germans Treated Allied Captives of War.

By CAPTAIN R. P. P. ROWE  
of the British Army  
(Written for United Press.)

London, Nov. 18. (By Mail.)—The Germans, apart from the crimes which they have committed in Belgium and on the high seas, in the late war specialized in a particularly revolting form of cruelty. The proofs of their purposely torture of prisoners, partly to get the utmost work possible out of them and partly it would seem, simply to destroy life or physique in an enemy, provide a record that would have been incredible before 1914. Thousands of English, French, Italian and Russian prisoners of war have been deliberately done to death by a combination of overwork and starvation. Under the fire of their fellow-countrymen's guns, they have been driven in gangs like slaves to labour on their enemy's defences. When hardly able to move through weakness, they have been beaten or stabbed with bayonets to force them to further effort.

One of the German methods with Russian prisoners has been to hang them by their wrists to a stake with their feet off the ground. Of this very literal form of crucifixion there is overwhelming evidence. It is, in fact, a common practice to suspend prisoners thus for hours at a time. Eventually, insensible, with their wrists terribly lacerated, they are cut down. Even when rope is used to bind them it would seem the extremity of torture, but according to the latest account wire is often substituted. A Russian prisoner,

CONVALESCENT SOLDIERS AT RED CROSS HOME COMMUNICATION SERVICE STATION.

who recently escaped from Germany after being worked for nearly three years behind the German lines in France, gave evidence of this development in his official examination. The whole of his evidence is interesting, but much of it may not be reproduced. His powers of observation and clearness of judgment were such that he had military information to give of more than ordinary value. From this it may be deduced that his perfectly straight-forward and unimpassioned statements concerning his own treatment and that of other prisoners may also be accepted without reservation. There is little in the evidences that has not been reported again and again except the substitution of wire for rope in "crucifixion".

When this prisoner's party arrived at the western front in 1915 it was one of the first batches to be put to work under fire. At first the men refused. As a measure of coercion they were beaten with rifle butts, pricked with bayonets, and deprived of food. A small number of them, who still remained obdurate, were at last sent back a distance of 15 kilometers to weave revetments, gabions, etc. At a later stage they were marched forward again, and when they refused to work were one more attacked with rifle butts and bayonets. Finally they were surrounded by a detachment of cavalry, who pricked them with lances, struck them with butt ends, and rode over them with their horses. At last they had to yield.

Such treatment as this was only a small part of their sufferings. In spite of the excessive work, to which they were driven like cattle, they were given less than the modicum of food reasonable for subsistence. Their total diet consisted of 400 grams of bread per day, turnip and water for dinner, and coffee for breakfast and supper. They were never given meat and never even potatoes. Over-work combined with semi-starvation reduced them to utter feebleness and in appearance to walking skeletons. But toil was never remitted.

In the case of prisoners refusing to work on the enemy's defenses, barbarous punishments were frequently inflicted. Holes a metre deep were dug and filled with water and men were made to stand in them for hours. But the worst devilry was "crucifixion". The Russian prisoner whose report is here chronicled gives a detailed description of this practice as applied to himself. He had attempted to escape and was caught. As a punishment he was tied to a tree for three hours. His wrists were twisted high behind his back and bound with thin wire to the tree. Thin wire was then drawn tightly below his knees, the loose root on which he stood was kicked away, and he was left hanging by his wrists. After 3 hours he lost consciousness, was lowered to the ground, and was camed on feet until he came to life again. Forthwith he was dragged to the guard house where he remained in a dark cell for 22 days on bread and water. Only one, on the 12th day, was he allowed to ascend temporarily to the light. On the expiration of his sentence he was put to work with others. They worked 15 hours daily, 10 at heavy labor and 5 on lighter work in garrison.

## RED CROSS SAILINGS HAVE BEEN STOPPED

Workers Ready to Go Abroad Will Get Acknowledgment of His or Her Services

HUNDREDS GOT PASSPORTS

Washington, Dec. 14.—All plans for sending personnel abroad by the American Red Cross have been canceled, the war council of the Red Cross announces. This action was taken immediately after the signing of the armistice, when cables from Red Cross commissions in Europe gave notice that all such plans should be discontinued with the exception of certain specific cases.

Hundreds of Red Cross workers had obtained passports and had been authorized to proceed to Europe. Many had said goodbye to friends and had reached their ports of embarkation. Officials of the Red Cross have arranged that each of these workers shall receive an acknowledgement of his or her services and a statement as to why they could not be utilized.

## AUTHORITIES HUNT INCOME TAX DODGERS

Special Corps of Deputies Has Been Organized to Round up Delinquents, According to Report

### LARGE REVENUES NEEDED

Washington, Dec. 14.—Income tax dodgers who failed to help meet the government's need for extraordinary war revenues are to be relentlessly pursued by Federal authorities. The annual report of Commissioner of Internal Revenue Roper, made public yesterday, says a special corps of deputies has been organized to round up delinquents.

Total collections during the year were \$3,694,619,638.72, as compared with \$809,393,640.44 in 1917. Income and excess profits tax produced \$2,838,999,894.28. Incomes of \$3,000 and less, reported by 2,319,929 citizens, netted \$22,395,262.40. Incomes in excess of \$3,000 were reported by 665,623, who paid into the Treasury \$592,613,241.12.

Commissioner Roper says the need of large revenues will continue. He recommends that salaries of collectors of internal revenue be increased from \$4,500 to a maximum of \$6,000.

### \$50 FOR EACH SOLDIER.

Washington, Dec. 14.—Great Britain received \$50 for every American soldier carried overseas in her vessels during the war, Chairman Padgett, of the senate naval committee has announced. "This contract was entered into between the United States and Great Britain," said Padgett. "Great Britain thought she should receive more than this, but the United States has not agreed to any other price."

### OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

### RED CROSS MARTYR KILLED BY SHELL

The grave of Lieut. Edward M. McKee, who was killed last June while on duty on the Italian front, where he had charge of an American Red Cross rolling canteen, lies about a mile and a half behind the battle line on the lower Piave. It is a simple soldier's grave, and only the American flag with which it is decorated distinguishes it from those of his Italian comrades in arms. The fine qualities displayed by the Italian soldiers so aroused Lieutenant McKee's admiration that he gave free vent to his enthusiasm. "How splendidly the Italians are fighting!" were the last words he uttered, for just then an Austrian shell, exploding at their side, ended his life, at the same time seriously wounding Captain Colabattisti. The latter, who has since received a decoration for valor, paid the highest tribute to the devotion of Lieutenant McKee, his enthusiasm and the tactful manner in which he performed his charitable mission among the soldiers. To quote his own words: "Let us render homage to the memory of this valiant American Red Cross officer, who died with words of enthusiasm for our soldiers on his lips. The Austrian shell which cut short his career has not silenced his voice. On the contrary, the sacrifice of his life has immortalized his words of praise for Italy's fighting men. It has also forged one more link between our country and his own."

### SHOULD NOTIFY SOLDIER

Persons Helping to Get Discharge Should Not Write Department

Washington, Dec. 14.—The War Department gave notice yesterday that persons desirous of helping soldiers get discharges on account of sickness in the soldier's family or for industrial reasons ought to notify the soldier of his right and not send individual letters to the department on the subject.

It was reiterated that troops are being returned "as rapidly as conditions will permit" and that the public is being informed immediately of all designations for return.

## FEW SOLDIERS ASK FOR ASSISTANCE

Large Majority of Them State That They are Going Directly Home to Their Old Jobs.

### REPRESENTATIVE AT CAMPS

Instructions of Community War Labor Proving Effective in Industrial Counties.

Indianapolis, Ind., Dec. 14.—So far as discharged soldiers from local mobilization points are concerned, there promises to be little difficulty in effecting a satisfactory readjustment of industrial conditions in Indiana, it is announced today by L. C. Huesmann, Federal Director for Indiana. Based upon reports compiled at Ft. Harrison and the Quartermaster General's depot at Jeffersonville, there are few men in khaki who are asking assistance in securing places in civil life. A large majority of them state that they are going directly "home" to their old jobs, and there has been up to this

time evidence of a sufficient demand to take care of those who are without definite plans for the future.

In executing the program outlined by the Department of Labor, the United States Employment Service has stationed representatives at each of the military camps in the state, for the purpose of cooperating with the men, as they are discharged in finding suitable work. Those examiners have reported a very limited number asking for assistance, as indicated by the following report covering initial discharges.

November 29th, 250 discharged, 16 applied for employment; November 30th, 243 men discharged, 32 applied for employment; December 2nd, 480 discharged, 16 applied for employment; December 3rd, 500 discharged, 24 applied for employment; December 4th, 527 discharged, 35 applied for employment. The Examiner's report from Ft. Harrison added that most of the discharged men had jobs in sight and that the "boys from the farms" are "going back"; also that men who are skilled generally have applied for their old places and have been assured reinstatement. This statement applies particularly to the 506 railway men and machinists of whom only 72 applied for employment.

The reports from Jeffersonville state that but "few are farmers and these stated that they intended going

### MAKING AMERICA 100% RED CROSS

By its Christmas Roll Call, to be held in the week beginning December 16, the American Red Cross aims to enroll the entire available population in the ranks of the organization in order to make America 100 per cent. Red Cross, so that the world may know that the country stands solidly and uncompromisingly for the principles of honor, mercy and good faith among the nations.

back to the farm". Most of them are common laborers and arrangements were made at once for inducing them into new places.

The instruction to Public Service Reserve County Directors and community War Labor Boards to cooperate as a Returning Soldiers' Employment Bureau are proving effective in the larger industrial counties of the state, and these are expected to be functioning even more successfully by the time the increased number of soldiers arrive home from the distant camps and abroad, and the war industries have undertaken a comprehensive program for peacetime operations.

### DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

## MUST REBUKE HUN ACTS OF TERROR

Peace Conference Must Take Such  
Action, President Wilson De-  
clares in Paris Speech

REPLIES TO PRES. POINCAIRE

Arrival of American Party in French  
Capital Greeted By Ovation  
and Booming of Guns

(By United Press.)

Paris, Dec. 14.—President Wilson arrived in Paris at 10 o'clock this morning. His arrival was announced by the booming of guns and throughout the city vast throngs in the streets set up a tremendous cheer.

Great crowds lined the entire way from the railway station to Prince Murat's palace. President and Mrs. Poincaré greeted the American executive and his wife at the station platform. The two presidents rode in one carriage and their wives in another.

The peace conference must take such action as will rebuke Germany's acts of terror and spoliation. President Wilson declared in an address here today. The president's plea was made in answer to an address of welcome by President Poincaré.

President Wilson stated that the world must be made aware that such acts which Germany has committed could not be bettered upon certainty of just punishment. "From the first," the president stated, "the thought of the people of the United States as toward the outcome was something more than mere winning the war. They wish the establishment of the eternal principles of right and justice. They realized that merely to win the war was not enough; that it was won in such a way as to insure the future peace of the world and lay the foundation for the freedom from hostilities of the peoples and nations of the world."

President Poincaré paid high tribute to the aid given since the war by people of the United States and also highly praised the work of the president. He said that the French government would present to President Wilson authentic documents to show how the German government developed its program for brutality to France.

As the presidential party left the station they received a tremendous ovation from the crowds.

The carriage started up the street preceded by mounted guards.

The demonstration increased as the procession moved on. Wilson and Poincaré were continuously acknowledging the wild outbursts of enthusiasm.

Premier Clemenceau and General Pershing were also lionized.

Many women in the throng wept openly.

The party drove immediately to the palace of Prince Murat in the Rue de Monceau, where the President will live while in Paris.

The route was lined with French troops in solid array. The cheering of the crowds as the President passed was vociferous and hearty.

The city made a fete of the President's coming.

The passage of the presidential train from Brest to Paris revealed the interest attached to the President's visit. At every station crowds waited through the night for the passing of the train, hoping to see Mr. Wilson. Their cheers were heard as the train slid by in the darkness.

The crowds at an early hour larger than those on the occasion of visits of heads of foreign states. The weather was favorable.

The scene at the railroad station was beautifully set. The platform was carpeted in red, while palms adorned the broad stairway.

The band of the republican

Predictions of Yesterday About Mis-  
take in Casualties Prove Correct

Predictions made yesterday in the Daily Republican that there was an error in the government casualty list giving the address of Homer S. Allison, who was listed as severely wounded in action, as Rushville, R. R. 3, proved correct today when Will Billings of southwest of Milroy reported that Homer S. Allison, probably the one mentioned in the casualty list, formerly lived at Russiaville, Howard county, Ind., and that he was the son of Oliver C. Allison, who was given as his next of kin in the casualty list. On account of the similarity of the two names, the mistake was easily made. Allison is a relative of Mrs. Billings.

## WIFE GETS DIVORCE AND \$3,000 ALIMONY

Myrtle Culbertson is Granted De-  
cree of Separation and \$1,000  
a Year For 2 Children

ALLOWANCES IN TWO CASES

Mrs. Myrtle Culbertson was granted a divorce in circuit court today by Judge Will M. Sparks, from her husband, James E. Culbertson, a prominent farmer of near Glenwood. She was also allowed \$3,000 alimony and \$500 a year for the support of each of their two children.

The suit was filed October 8 and the ruling was made by the court immediately after the evidence was heard this morning. A similar suit filed last spring was dismissed by Mrs. Culbertson before the second suit was filed. The judgment in the case provides the alimony shall be paid at the rate of \$1,000 a year on January 15 of each year, beginning next month. Mrs. Culbertson was also allowed \$50 attorney's fees.

Motions for allowances in two other divorce suits were also heard by the court today. Martha F. Durham of Washington township, who sued James O. Durham this week for a divorce, was allowed \$3 a week support money pending trial of the case. Mr. and Mrs. Durham are 61 years of age. Ida Mae Downey, who sued her husband, Leslie Downey of this city, this week, was allowed \$5 a week for support until the case is heard.

## MEN DISCHARGED AT RATE OF 15,000 A DAY

Chief of Staff March Says 824,000  
In This Country Are Picked  
For Mustering Out

32,000 HAVE ACTUALLY SAILED

(By United Press.)

Washington, Dec. 14.—The demobilizing departments in this country are now turning out about 15,000 a day. Chief of Staff March announced this figure today. Chief of Staff March added that 824,000 men in this country have been designated for early discharge, while a total of 5,600 officers and 135,000 men have been designated for early convey home from abroad.

In this country 17,000 have already been discharged and from the American expeditionary forces, 1,300 officers and 30,700 have actually sailed.

## SON IN BASE HOSPITAL

Greenfield, Ind., Dec. 14.—James Curry has received a message from the war department that Oral B. Curry, his son, of Philadelphia, this county, was in a base hospital in France, recovering from wounds in the right shoulder and hip made by machine gun bullets.

## NEWMAN SENT TO JEFFERSONVILLE

Guy, One of Three of Same Name  
Held in Jail, Pleads Guilty to  
Burglary Charge.

ADMITS THE POLK ROBBERY

Must Serve Term of 2 to 14 Years—  
Denies Any Part in Theft at  
Two Houses.

Guy Newman pleaded guilty to a grand jury indictment charging second degree burglary, in the circuit court today, and was sentenced to serve a term of two to fourteen years in the state reformatory in Jeffersonville by Judge Will M. Sparks.

Newman was accused in the indictment of breaking into E. E. Polk's hardware store, 127 North Main street, a week ago Thursday night, and helping to carry away merchandise valued at about \$75, and \$5 in money. He was arrested last Sunday.

In addition to being sentenced to a term in the reformatory, Newman was also rendered incapable, by the court's judgment, of holding any office of profit and trust for a period of two years.

Fred Clevenger, Jr., has already pleaded guilty to the offense for which Newman was sentenced, but judgment has been withheld in his case so far and he is at liberty on his own recognizance.

Newman did not implicate anyone in the Polk robbery, declaring that he and Clevenger were the only ones who entered the store. It is certain, however, that there are one or more other persons guilty of having a part in the burglary because Earl Osborn, who walked into the store at ten o'clock in the evening while the robbers were at work, saw three in the store.

Delbert Newman, who is held in jail as a suspect in the case, has not been implicated yet.

Bert Newman, who was arrested in Indianapolis Thursday and brought here the evening of the same day, together with Mrs. Jessie Fleener and Mrs. Blanch Gilson, is still held in jail without bond and no formal charge has been placed against him, contrary to the statement yesterday that he had been arraigned on a grand larceny charge. Newman was arrested because he was found in possession of articles stolen from the home of Mrs. Mary L. Neutzenheller two weeks ago tonight.

The authorities have learned that Guy Newman was the one who carried these stolen articles to Indianapolis. He admitted having taken them to Indianapolis but denied that he entered the home of Mrs. Neutzenheller or Mr. and Mrs. Fred Boxley. He told a lame story of having seen a man get off a traction car with a suit case. He said part of the articles were dropped out and that he picked them up. Newman then watched where the loot was hidden, he declared, and took it to Indianapolis. The officials do not believe this.

The two women, who are accused with receiving stolen goods, in connection with this robbery, are still in jail under \$500 bonds.

## ASKS EARLY PEACE COUNCIL

Germany Pleads For Beginning of  
Negotiations as Soon as Possible

(By United Press.)

Washington, Dec. 14.—Germany has asked that peace negotiations be started as soon as possible on account of the conditions of Germany.

A communication from Germany through the Swiss government today asked the state department as to the place and date of negotiations. The Swiss government asked for a prompt reply.

## "FLU" SITUATION IS NOT ANY WORSE

Although 86 New Cases Develop, Re-  
ports From Outside Rushville  
Cover Period of 48 Hours.

ONLY FOUR ARE IN THE CITY

Rushville Schools not Breeding  
Place for Malady, Authorities are  
Convinced—Not to be Closed

Although eighty-six new cases of the influenza were reported up to noon today, the situation did not appear any worse than it has been because only four of the new patients are in Rushville and the reports from elsewhere in the county cover a period of forty-eight hours.

Dr. Barnett of Homer last night reported thirty new cases developing since Wednesday and Dr. Metcalf of New Salem reported twenty more cases. Rushville doctors sent in reports of twenty-seven new patients outside of Rushville. Dr. Kennedy of Milroy, where the situation is decidedly improved, reported only five new cases. Milroy doctors have found only thirty-six new patients in the last week, according to the Milroy press, and some of these were in the Manila neighborhood. The same source is authority for the statement that the two Milroy physicians have treated 245 patients for the influenza during the epidemic.

Today's report of four new cases in Rushville makes the total for the city so far this month 135, which is an average of approximately ten a day. Although some day's reports have been high, others have been correspondingly low, and the average reveals that conditions in Rushville are not any more alarming than they were the first of the month.

The four new patients in Rushville are Bert McElwaine and son Ernest, age three, 225 East Eighth street; John E. Stiers, infant son of Mr. and Mrs. Wilbur Stiers, 732 North Perkins street, and Elizabeth Pierson, 320 West Third street.

Today's reports bring the total for the county during the epidemic to 1862.

As long as local school officials are convinced that the Rushville public schools are not a breeding place for the Spanish influenza, the schools will not be closed. Every possible precaution is being taken to keep well the children who are able to go to school. The physical condition of all the pupils is being carefully guarded by the school board, which have employed Dr. John M. Lee as medical examiner.

Since Surgeon General Blue of the United States health service, has advised the closing of the schools on account of the recurrence of the epidemic in many communities, some patrons here have expressed the opinion that the schools should be closed. However, the investigations of the school officials disclose that the majority of the children who fall sick with the influenza get the malady at home, instead of in the schools.

The school authorities and teachers are keeping a careful check on every school child in Rushville. Whenever a child is out of school on account of sickness the teacher immediately learns the nature of the illness and where it was contracted. Whenever the children show symptoms of illness of any nature they are sent home. When the symptoms are of a very contagious disease, the pupils who may have been exposed are properly examined. An example of this is found in Miss Marjorie Smith's room in the Graham Annex building. Not long ago one of the pupils was believed to be developing scarlet fever. The school medical examiner was immediately called but no symptoms of the disease were found among the children in the room.

The influenza epidemic has not

## ANOTHER NURSE EMPLOYED

Mrs. Cornelia Lyons to Assist Dur-  
ing Influenza Epidemic

On account of the increasing number of influenza patients needing attention in Rushville, the Red Cross civilian relief committee has employed another nurse, it was announced today. The services of Mrs. Cornelia Lyons have been obtained by the committee to assist Mrs. Thomas Cohee, a Red Cross nurse, and Miss Maud Hunt, visiting nurse, who have been unable to meet all the demands made upon them. There are so many instances where practically every member of the family is ill and no help is available, that the nurses find more than they can do.

## SHORT VACATIONS FOR CHRISTMAS THE RULE

Rushville Schools And Most of  
Township Schools Will be Closed  
3 Days For Holidays

DUE TO TIME LOST EARLIER

The Christmas vacation for Rushville school children and also for the children in the township schools, which are in session, will probably be the shortest ever allowed in the history of the public schools in Rush county. The Rushville schools will be dismissed Tuesday afternoon before Christmas and will enjoy a holiday vacation of only three days. The same number of days will be allowed in most township schools, which are open. The length of the Christmas vacation rests entirely with the township trustee.

The usual holiday period is shortened this year on account of the many weeks of school, which have been closed on account of the ban on public gatherings in October due to the Spanish influenza. Some township schools have not been as fortunate as the Rushville public schools, however, because in many instances teachers have fallen sick and compelled the closing of the schools. It is estimated that approximately half of the schools in the county are now closed and there is little possibility of any of them being opened before Christmas.

## AMERICANS CROSS RHINE FRIDAY, 8 A.M.

Company of 18th Infantry is First  
to Reach East Bank—Cross-  
ing on Front of 37 Miles

HUN PONTON BRIDGE USED

(By United Press.)

With the Americans Across the Rhine, Dec. 14.—American troops crossed the Rhine about eight o'clock Friday morning in a drizzling rain.

Four bridges and two ferries were utilized along the front of 37 miles, upon which the crossing was made. The first division went over at Coblenz on a German pontoon bridge.

Brigadier General Parker was at the head of his own brigade. A company of the 18th infantry was the first to reach the east bank. The French division hurried up to aid in occupying the bridgeheads.

## IN CHARGE OF CABLES

New York, Dec. 14.—Newcomb Carlton president of the Western Union Telegraph and Cable Company, has been placed in charge of all marine cable systems of the United States by Postmaster General Burleson, it was announced at Mr. Carlton's offices here today. He has accepted the appointment, which was declined by George G. Ward, vice president of the Commercial Cable Company.

## BIG ARREARS IN PAY AIRED AGAIN

Complaints That Soldiers Have Not  
Received Any Money For  
Months Before House

CHARGES OF INEFFICIENCY

Accusations Made Against War Risk  
Insurance Bureau—300,000  
Letters Unmailed

Washington, Dec. 14.—Complaints that soldiers in the hospitals at West Baden, Ind., and other places have not received their pay for months, aired in the house of representatives recently by Minority Leader Mann, were brought up again yesterday.

Accusations of inefficiency against the war risk insurance bureau were also made. Representative Rucker, of Missouri, asserting that he could provide unquestioned proof that 300,000 letters containing allotments, applications for allowances, applications in behalf of widows and wives who had been deserted, and other matters, were dumped in a heap at the war risk bureau and left there.

"When some clerk discovered these letters," said Mr. Rucker, "and opened up 3,000 or 4,000 of them, some one higher in authority said: 'That has got to stop, because it is making too much work.'"

"I do not say that is true on my own authority. I do not know that it is true, but what I do say is that an investigation should be had. I shall apologize to the house if I can not furnish proof to verify what I have stated here this morning. Every mail brings to each and every one of us letters from wives, from mothers by the dozens, showing that they have received nothing for months and months. It ought not to be so."

Representative Madden, of Illinois, said he received today a letter from a soldier. "He sets forth the fact that he made an allotment to his wife and that his allotment had been deducted from his pay, but she has not had a dollar since last July and neither has he."

The statement is not only true in that case, but in thousands of others, said Representative Dowell, of Iowa. "It seems that the department in charge of these things has not made any attempt to pay the wives of soldiers and they will not even answer the correspondence when these wives send letters."

## THREE LAW SUITS SETTLED TOGETHER

Compromise For \$500 in Cases Filed  
by Ruth Parker Against Al-  
bert Gahimer

\$4,000 DAMAGES DEMANDED

Three law suits were settled in the circuit court late yesterday afternoon when the case of the state ex rel Ruth Parker against Albert Gahimer of near Manila, which was being heard by a jury, was compromised and dismissed. The other two cases were for breach of marriage contract and damages, \$2,000 being demanded in each case, and were filed and shown dismissed by agreement, after the suit on trial was settled, in order to make the record straight. It is reported that all three cases were settled for \$500.

The jury which heard part of the evidence in the case and was then dismissed when a compromise was arranged, was composed of the following men: O. J. Myers, Omer Gartin, Will Rawlings, Lon Newhouse, William McCoy, Lew Cline, Charles Vogle, Charles French, Bert Osborne, Ed Moore and R. P. Havens.

### Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give **Foley's Honey and Tar.** It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. **Foley's Honey and Tar** tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute. Mrs. B. H. Garrett, Schoolfield, Va., writes: "My baby was stricken with a severe cough and cold at one month old. I gave him ten to fifteen drops of **Foley's Honey and Tar** every three hours and it surely did help him. He hasn't been sick a day since."

### MRS. EFFIE LINDEMOOD OF CARTHAGE, IS DEAD

Expires Friday Evening of Double Pneumonia Developing Thursday Following The Influenza

FUNERAL SUNDAY AT 2 P. M.

Mrs. Effie Lindemood of Carthage, died at her home Friday evening at 7 o'clock of double pneumonia developing from the Spanish influenza. The deceased was the daughter of Mrs. Rebecca Binford of Carthage and was born in Rush county near Walnut Ridge May 13, 1885. She was a member of the Friend's church at Walnut Ridge and also a member of the Rebekah lodge at Carthage. Mrs. Lindemood leaves her husband, Lawrence Lindemood and two sons, Joseph J. and Marion R. Lindemood, her mother, and one sister, Mrs. Mable Gurley. The funeral services will be held at Walnut Ridge church Sunday afternoon at 2 o'clock with the Rev. Frank Edwards of Westland, conducting the services. Burial will be in the Walnut Ridge cemetery. Mrs. Lindemood's husband, two sons were first sick with the disease and she contracted it from them and developed pneumonia Thursday. Jerusalem war gardens should thrive this winter. The Red Cross will provide plowing oxen.

### RECORDS OF LOCAL ARMY BOARD SEALED

Selective Service Record of Rush County in War is Now a Matter of History

BOARD HAS ONE TASK LEFT

The Rush county local army selection board has at last completed its many duties and has sealed the records, thus closing a long period of service which assisted materially in winning the war. Some time ago the board was instructed to seal the records on December 10, to be opened only on orders of the provost marshal general or the governor of the state. Before that date arrived, however, the board was instructed to arrange the registration cards and questionnaires in sequence of their order numbers. This task having been performed, the board sealed the records and the selective service record of Rush county is now a matter of history. There is still one thing the board has to do—make a report to the state conscription officer twice each week of the number of selective service men in the service who will be able to return to their old employment when they return home. This information is received in answer from the last employers of selected men, who have been requested to inform the board whether or not they will take ex-soldiers back into their employment. The board is also expected to send a copy of the reply of each last employer who says he can not take back a selected man who was working for him when he was called into the service.

### MUSTERED OUT OF SERVICE

Lieut. Cleo Emsweller, son of Mr. and Mrs. William Emsweller of near New Salem, has been mustered out of the service at Fort Sill, Oklahoma, and has returned home. He enlisted here with Company B and was first in training at Camp Shelby, Miss. Lieut. Emsweller won his commission in the officers training camp at Camp Taylor, Ky., and was then sent to Fort Sill.

### FARM LOAN BONDS SOLD

Washington Dec. 14.—Two million dollars of farm loan bonds of the new issue, bearing 4 1/2 percent, have been sold to the Treasury since November 1, the farm loan board announced yesterday. No farm loan bonds will be sold publicly until after the war, in order not to put them in competition with liberty bonds.

**FAITH IN THE RED CROSS.**

A young American soldier recently arrived in France tried to locate his brother, who was also in the army and who had preceded him "over there." It was like hunting for a needle in a haystack. After many difficulties and long waiting, however, he at last located the company to which his brother belonged. Then he learned that his brother had been wounded and was in some hospital. That was all he could find out. With the faith of a little child in his eyes he told this to a hospital searcher belonging to the American Red Cross and then with the faith of a little child he added: "But the Red Cross will find him." And the Red Cross did.

## WALTER DUKE DIES DOUBLE PNEUMONIA

Local Agent For Moline Tractor Expires of Disease Following Spanish Influenza

WAS SICK ONLY A FEW DAYS

Walter Duke, age thirty-nine years, local agent for the Moline tractor, died last night at 7:45 o'clock at his home, corner of Eighth and Perkins streets, of double pneumonia, which he developed Thursday following a few days illness with the influenza.

Mr. Duke was sick little more than a week. His condition was regarded as serious from the first, however, and for two days preceding his death, little hope was held out for his recovery.

Mr. Duke lived in Rush county all of his life and devoted all of his time to farming until about a year ago when he took the agency for the Moline tractor. He made a success as a business man and was preparing to locate in a new building which has been erected at the corner of Main and First streets, when he fell ill.

Mr. Duke's only survivor is the widow, his parents and a brother and sister having died several years ago.

The funeral services will be held tomorrow afternoon at 2:30 o'clock at the house and burial will take place in East Hill cemetery.

## Amusements

### Comedy and Romance

At the Mystic theatre tonight Carmel Myers will appear in "A Broadway Scandal," a romance of a French girl in New York and a comedy entitled, "The Kitchen Hero," will also be shown.

### Gladys Leslie at Princess

Gladys Leslie will appear at the Princess theatre tonight in "Wild Promise," a sparkling comedy drama, and Bill Parson will be seen in a dandy comedy, "Bills Camp Out," Monday, and official war picture, "America's Answer." The famous Dolly Sisters will be shown here Tuesday in "The Million Dollar Dollies."

"America's Answer" is the second in the Government's series of "Following the Flag to France," pictures, and is designed to show what was accomplished in France during the first year of America's participation in the World War. It presents the wonderful 3-mile dock "somewhere in France," built on swamp land by American soldiers; refrigerators, railroads, great storage warehouses, water dams and other American activities needed to keep our million and more men in France; it shows how the American soldiers live, how they are fed, how proper sanitation is provided, how they are cared for in the base hospitals and in the field in case of illness or injury; it pictures the great American salvage department, where half-worn clothing is renovated, the utilization of old and discarded shoes and hats, and other industries; it shows how an endless stream of American built trucks kept supplies going to the front; the camouflaged guns, the acres of shells and other ammunition, the American aero squadron, and, finally, the actual fighting, in which American soldiers brought undying honor upon themselves and their country.

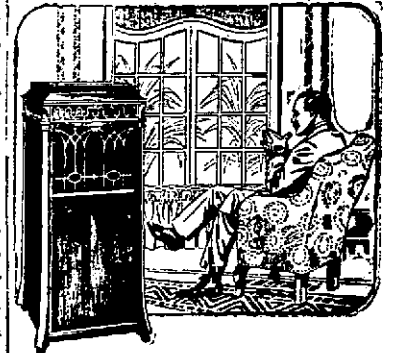

Tons of food—4,672.97 to be exact—were shipped by the Red Cross to the Allied countries during August, 1918.

## SCHOOL TO OPEN DEC. 30

The Rushville township consolidated school in the Webb neighborhood will not open until December 30, James V. Young, township trustee, announced today. The school was closed on account of the influenza epidemic and it was first planned to reopen December 16, but this has been found impossible.

From Red Cross hospital gardens in France over 5,000 convalescent soldiers have harvested 23 tons of green vegetables and a large crop of potatoes.

### Saving to Bring Them Home.

Empty ships cannot be sent from America to France to get loads of soldiers. People are starving on the other shore and must have food from America. Every ship that leaves our ports for European shores must be filled with food. When we remember that we have more than two million soldiers overseas who must be fed; that we have a food pledge to the Allies to fulfill; and that millions of liberated people are looking to us for food, we realize the tremendous task ahead of us. The housewife is now saving food in order to save the world that her son helped to rescue from absolute destruction.

There can be no putting off for a few weeks this newer and greater task. No American housekeeper can relax her strict program of food saving by thoughtless celebration of the greatest victory in the world. She must begin today to increase the rigidity of her conservation rules. The starved in Europe must eat now, and not wait until next spring. Reserves must be piled up to be ready to fill the ships when they start after our soldiers, or the homecoming will be delayed.

The women of America have proved what they can do when the country calls on them for food. They will not fail in this greater task when the country calls for more, and still more food—not for our own soldiers, or even the allies alone, but for a famished world. The work of the women in the homes will last for a long while yet—until Europe gets back on its feet. But right now—right today—the task is greatest of all, because so much must be accomplished in a few months. The American women can do it—they can save food to win the world, just as they saved food to win the war.

### Safeguarding Liberty Bonds.

A method of restricting fraudulent or highly speculative stock promoting schemes involving the trading of these securities for liberty bonds has been devised by the Treasury and may be put into effect soon to protect the millions of liberty bond owners against loss. The Treasury's plan would be a regulation by which promoters would find their business subject to close scrutiny by the government. Those whose business was found suspicious or actually fraudulent might be barred from accepting liberty bonds in payment for their securities through the government's refusal to grant them operating licenses.

The authority for this plan is given in the provision in the fourth liberty loan act empowering the President to "investigate and regulate by means of licenses or otherwise" transactions in liberty bonds or certificates of indebtedness for two years after the proclamation of peace.

Numerous organizations, it is reported to the Treasury, have been formed to float stocks for oil or mining development and other propositions, and many of them have circulated alluring advertising pamphlets offering to accept liberty bonds in payment for shares of their stock, which, it is claimed will pay a higher rate of interest.

## GOODBYE WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen and bloated feet and limbs, weakness, lassitude, dizziness, nausea, that tired wornout feeling, nervousness, sleeplessness, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haariem Oil Capsules. This old and tried remedy for kidney disease and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you feeling fine and prevent a return of your trouble.

GOLD MEDAL Haariem Oil Capsules are imported direct from the laboratories at Haariem, Holland. Get them from your druggist. Do not take a substitute. In sealed boxes, three sizes.—(Adv.)

## AMERICA SHOULD BE INDEPENDENT NATION

Independence Near in Matter of Maps and Shipping Charts, Navy Advises in Annual Report

### SITUATION HUMILIATING

(By United Press.)  
Washington, Dec. 14.—America should be independent of the rest of the world in the matter of maps and shipping charts, as a matter of national security, the navy hydrographic office advises in its annual report today.

"A position of independence" says the report, "will secure to us great advantages in the features of national security, efficiency due to working under an individual and homogeneous system, unvisited responsibility for the safe navigation of our shipping, both naval and commercial and resurrection from the humiliating situation of the leading nation in the world being dependent upon other nations for nautical information."

The report shows that in the last year, the service has been so developed that the desired independence has been about reached.

made such deep inroads on the school attendance as is generally believed, according to Superintendent J. H. Scholl. There are only ten pupils out of 135 in the junior high school and 20 out of 175 in the senior high school ill. There are 21 pupils from the Jackson school kept at home on account of the epidemic and about the same number from the Havens school are out for the same reason. Some times pupils are sent home when there is influenza in their home.

"Our notion is," said Superintendent Scholl today, "so long as we can keep some healthy children in school, that the schools are doing some good. We can at least continue to educate those who are well." It is estimated that probably half

of the schools in the county are closed on account of the influenza. The schools at Carthage and Milroy, the two largest towns in the county outside of Rushville are closed and it is uncertain when they will be reopened. Many schools have been closed on account of teachers falling sick with the disease.

# The Freedom of the Seas

## WHAT IT MEANS IN AMERICA, ENGLAND, AND FRANCE

There is a very interesting article in this week's LITERARY DIGEST—December 14th—bearing upon the most vital topic likely to be discussed at the great peace conference—the Freedom of the Seas.

While Lieutenant-Colonel Repington, the famous British Military Expert, remarks that "I have not the slightest idea what freedom of the seas means, nor have I met anyone who can tell me," London and French newspapers have quite definite ideas as to its meaning.

Much of the comment in the London and Paris papers emphasizes the fact that President Wilson has not yet defined what he means by freedom of the seas, but most of the French journals agree with the Paris *Matin* when it says "if this doctrine means any diminution of the power of the British navy, France will reject it."

## VISITING TEAM IS OVERWHELMED

Rushville High School Five Runs Away With Brookville Quintet With Score of 55 to 10

IS BACK TO OLD TIME FORM  
Locals Show Class in First Half by Piling up 29 Points Before Visitors Get Started

The Rushville high school basketball team returned to its old-time form last night and overwhelmed the Brookville high school five by the score of 55 to 10, in a game at the Graham Annex gymnasium.

The local team has been going bad ever since the season opened because of many handicaps, not the least of which was the injury which Norris, the capable floor guard, suffered several weeks ago, and which resulted in him being out of the game until last night. The team has also suffered for the want of practice, due to interruptions because of epidemics and sickness.

The Rushville aggregation played the kind of ball which it is capable of playing last night and revealed to the pessimistic that there is hope of a winning quintet this year, even after the poor showing which was made the first few weeks of the season.

The locals started out in whirlwind fashion and played the visitors off their feet in the first few minutes. The Rushville forwards and center hit the basket regularly and took all of the "heart" out of the Brookville players. The score stood 29 to 5 at the end of the first half and it was evident then that the visitors were whipped.

Tompkins and Keating, center and forward, on the Rushville quintet, divided honors with eleven field goals each. Caron, the other forward, also has five field goals to his credit.

Brookville was held down to two field goals—Cooksey, center, making one in the first half and Hanna, forward, one in the second half.

The summary:  
Rushville (55) Brookville (10)

Fieldgoals—Caron 5, Keating 11, Tompkins 11, Hanna 1, Cooksey 1; foul goals—Tompkins 1, Hanna 6. Substitutes—Rushville, Miller forward and Becker and Dill guards; Brookville, Hanna forward and Federman center. Referee Humke of Connersville; scorers, Gunning of Rushville and Sauter of Brookville; timers, Carr of Rushville and Bossert of Brookville.

Private Harold Wolcott, 140th aero squadron, landed in New York December 10 and is now at Camp Mills, according to a telegram received this morning by his parents, Mr. and Mrs. F. E. Wolcott, who feared that he would not be home as soon as at first expected because he was transferred from the 326th to the 240th squadron. They thought he was enroute home when the 326th was announced as having embarked, but it develops that the 140th left at the same time on the Empress Briton. Mr. Wolcott also received a letter this morning from his son. It was written on request of A. E. P. commanders who urged soldiers to write their father a Christmas letter.

Highwaymen Make Away With \$13,000 in New York After Holding Crowd at Bay With Revolvers

## A DETECTIVE IS ALSO SHOT

New York, Dec. 14.—Two officers of the East Brooklyn Savings Bank were killed late yesterday by two highwaymen, who escaped in a taxicab with \$13,000, after shooting a detective who tried to stop them and holding a crowd at bay with their revolvers.

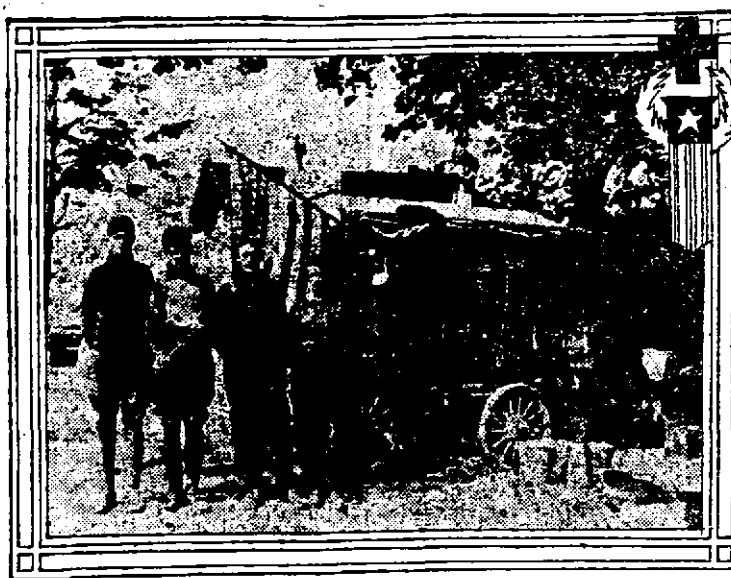

The robbers chose the busiest time of the day for their purpose. Entering, as if to make a deposit one advanced to the paying teller's window and thrust a revolver through the bars, while his companion covered other persons in the bank.

When Daniel C. Peal, the teller, failed to "come across," as ordered, he was shot through the heart. His slayer then took his turn at "covering" the crowd, while his companion ran to another window, forced a clerk to retreat to the rear of his cage and then crawled through the small opening.

From that cage he hastened to the one where the murdered teller lay. He thrust rolls of bills into a linen bag, and when Henry W. Coons, assistant treasurer of the bank, ran forward, he, too, was shot. He died later at a hospital.

### Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof-top becomes an integral part of your Ford at a very reasonable cost.

## PRISONERS TELL OF CRUEL TORTURE

Thousands of Entente Soldiers are Done to Death by Overwork and Starvation.

WORKED UNDER SHELL FIRE

Captain R. P. P. Rowe Describes How the Germans Treated Allied Captives of War.

By CAPTAIN R. P. ROWE  
of the British Army  
(Written for United Press.)

London, Nov. 18. (By Mail.)—The Germans, apart from the crimes which they have committed in Belgium and on the high seas, in the late war specialized in a particularly revolting form of cruelty. The proofs of their purposely torture of prisoners, partly to get the utmost work possible out of them and partly it would seem, simply to destroy life or physique in an enemy, provide a record that would have been incredible before 1914. Thousands of English, French, Italian and Russian prisoners of war have been deliberately done to death by a combination of overwork and starvation. Under the fire of their fellow-countrymen's guns, they have been driven in gangs like slaves to labour on their enemy's defences. When hardly able to move through weakness, they have been beaten or stabbed with bayonets to force them to further effort.

One of the German methods with Russian prisoners has been to hang them by their wrists to a stake with their feet off the ground. Of this very literal form of crucifixion there is overwhelming evidence. It is, in fact, a common practice to suspend prisoners thus for hours at a time. Eventually, insensible, with their wrists terribly lacerated, they are cut down. Even when rope is used to bind them it would seem the extremity of torture, but according to the latest account wire is often substituted. A Russian prisoner,

who recently escaped from Germany after being worked for nearly three years behind the German lines in France, gave evidence of this development in his official examination. The whole of his evidence is interesting, but much of it may not be reproduced. His powers of observation and clearness of judgment were such that he had military information to give of more than ordinary value. From this it may be deduced that his perfectly straight-forward and unimpassioned statements concerning his own treatment and that of other prisoners may also be accepted without reservation. There is little in the evidences that has not been reported again and again except the substitution of wire for rope in "crucifixion".

When this prisoner's party arrived at the western front in 1915 it was one of the first batches to be put to work under fire. At first the men refused. As a measure of coercion they were beaten with rifle butts, pricked with bayonets, and deprived of food. A small number of them, who still remained obdurate, were at last sent back a distance of 15 kilometers to weave revetments, gabions, etc. At a later stage they were marched forward again, and when they refused to work were once more attacked with rifle butts and bayonets. Finally they were surrounded by a detachment of cavalry, who pricked them with lances, struck them with butt ends, and rode over them with their horses. At last they had to yield.

Such treatment as this was only a small part of their sufferings. In spite of the excessive work, to which they were driven like cattle, they were given less than the minimum of food reasonable for subsistence. Their total diet consisted of 400 grams of bread per day, turnip and water for dinner, and coffee for breakfast and supper. They were never given meat and never even potatoes. Over-work combined with semi-starvation reduced them to utter feebleness and in appearance to walking skeletons. But toil was never remitted.

In the case of prisoners refusing to work on the enemy's defenses, barbarous punishments were frequently inflicted. Holes a metre deep were dug and filled with water and men were made to stand in them for hours. But the worst devilry was "crucifixion". The Russian prisoner whose report is here chronicled gives a detailed description of this practice as applied to himself. He had attempted to escape and was caught. As a punishment he was tied to a tree for three hours. His wrists were twisted high behind his back and bound with thin wire to the tree. Thin wire was then drawn tightly below his knees, the loose root on which he stood was kicked away, and he was left hanging by his wrists. After 3 hours he lost consciousness, was lowered to the ground, and was caned on feet until he came to life again. Forthwith he was dragged to the guard house where he remained in a dark cell for 22 days on bread and water. Only one, on the 12th day, was he allowed to ascend temporarily to the light. On the expiration of his sentence he was put to work with others. They worked 15 hours daily, 10 at heavy labor and 5 on lighter work in garrison.

## RED CROSS SAILINGS HAVE BEEN STOPPED

Workers Ready to Go Abroad Will Get Acknowledgment of His or Her Services

HUNDREDS GOT PASSPORTS

Washington, Dec. 14.—All plans for sending personnel abroad by the American Red Cross have been canceled, the war council of the Red Cross announces. This action was taken immediately after the signing of the armistice, when cables from Red Cross commissions in Europe gave notice that all such plans should be discontinued with the exception of certain specific cases.

Hundreds of Red Cross workers had obtained passports and had been authorized to proceed to Europe. Many had said goodbye to friends and had reached their ports of embarkation. Officials of the Red Cross have arranged that each of these workers shall receive an acknowledgment of his or her services and a statement as to why they could not be utilized.

### HIGHWAY BILL DRAFTED

Indianapolis, Dec. 14.—Under the direction of Gov. Goodrich a highway bill which probably will change a large part of the road construction system in Indiana is being drafted and will be presented at the next meeting of the legislature. Construction of a system of state roads covering from 3,000 to 4,000 miles would be provided by the bill.

### FIND BULLET IMBEDDED 19 INCHES IN A TREE

Workmen cutting down an oak tree on Ed Miller's farm, just beyond the eastern corporation line of Rushville Friday, found two bullets imbedded in the tree, one nineteen inches from the bark of the tree and the other twelve inches. It was estimated that the bullets must have been shot into the tree at least one hundred years ago.

## AUTHORITIES HUNT INCOME TAX DODGERS

Special Corps of Deputies Has Been Organized to Round up Delinquents, According to Report

### LARGE REVENUES NEEDED

Washington, Dec. 14.—Income tax dodgers who failed to help meet the government's need for extraordinary war revenues are to be relentlessly pursued by Federal authorities. The annual report of Commissioner of Internal Revenue Roper, made public yesterday, says a special corps of deputies has been organized to round up delinquents.

Total collections during the year were \$3,694,619,638.72, as compared with \$809,393,640.44 in 1917. Income and excess profits tax produced \$2,838,999,894.28. Incomes of \$3,000 and less, reported by 2,319,929 citizens, netted \$22,395,262.40. Incomes in excess of \$3,000 were reported by 665,623, who paid into the Treasury \$592,613,241.12.

Commissioner Roper says the need of large revenues will continue. He recommends that salaries of collectors of internal revenue be increased from \$4,500 to a maximum of \$6,000.

### \$50 FOR EACH SOLDIER.

Washington, Dec. 14.—Great Britain received \$50 for every American soldier carried overseas in her vessels during the war, Chairman Padgett, of the senate naval committee has announced. "This contract was entered into between the United States and Great Britain," said Padgett. "Great Britain thought she should receive more than this, but the United States has not agreed to any other price."

### OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old **St. Jacobs Liniment**

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

RED CROSS MARTYR

KILLED BY SHELL

The grave of Lieut. Edward M. McKee, who was killed last June while on duty on the Italian front, where he had charge of an American Red Cross rolling canteen, lies about a mile and a half behind the battle line on the lower Piave. It is a simple soldier's grave, and only the American flag with which it is decorated distinguishes it from those of his Italian comrades in arms.

The fine qualities displayed by the Italian soldiers so aroused Lieutenant McKee's admiration that he gave free vent to his enthusiasm. "How splendidly the Italians are fighting!" were the last words he uttered, for just then an Austrian shell, exploding at their side, ended his life, at the same time seriously wounding Captain Colabattelli. The latter, who has since received a decoration for valor, paid the highest tribute to the devotion of Lieutenant McKee, his enthusiasm and the tactful manner in which he performed his charitable mission among the soldiers.

To quote his own words: "Let us render homage to the memory of this valiant American Red Cross officer, who died with words of enthusiasm for our soldiers on his lips. The Austrian shell which cut short his career has not silenced his voice. On the contrary, the sacrifice of his life has immortalized his words of praise for Italy's fighting men. It has also forged one more link between our country and his own."

## FEW SOLDIERS ASK FOR ASSISTANCE

Large Majority of Them State That They are Going Directly Home to Their Old Jobs.

### REPRESENTATIVE AT CAMPS

Instructions of Community War Labor Proving Effective in Industrial Counties.

Indianapolis, Ind., Dec. 14.—So far as discharged soldiers from local mobilization points are concerned, there promises to be little difficulty in effecting a satisfactory readjustment of industrial conditions in Indiana, it is announced today by L. C. Huesmann, Federal Director for Indiana. Based upon reports compiled at Ft. Harrison and the Quartermaster General's depot at Jeffersonville, there are few men in khaki who are asking assistance in securing places in civil life. A large majority of them state that they are going directly "home" to their old jobs, and there has been up to this

time evidence of a sufficient demand to take care of those who are without definite plans for the future.

In executing the program outlined by the Department of Labor, the United States Employment Service has stationed representatives at each of the military camps in the state, for the purpose of cooperating with the men, as they are discharged in finding suitable work. Those examiners have reported a very limited number asking for assistance, as indicated by the following report covering initial discharges.

November 29th, 250 discharged, 16 applied for employment; November 30th, 243 men discharged, 32 applied for employment; December 2nd, 480 discharged, 16 applied for employment; December 3rd, 500 discharged, 24 applied for employment; December 4th, 527 discharged, 35 applied for employment. The Examiner's report from Ft. Harrison added that most of the discharged men had jobs in sight and that the "boys from the farms" are "going back"; also that men who are skilled generally have applied for their old places and have been assured reinstatement. This statement applies particularly to the 506 railway men and machinists of whom only 72 applied for employment.

The reports from Jeffersonville state that but "few are farmers and these stated that they intended going

### MAKING AMERICA 100% RED CROSS

By its Christmas Roll Call, to be held in the week beginning December 16, the American Red Cross aims to enroll the entire available population in the ranks of the organization in order to make America 100 per cent. Red Cross, so that the world may know that the country stands solidly and uncompromisingly for the principles of honor, mercy and good faith among the nations.

back to the farm". Most of them are common laborers and arrangements were made at once for inducing them into new places.

The instruction to Public Service Reserve County Directors and community War Labor Boards to cooperate as a Returning Soldiers' Employment Bureau are proving effective in the larger industrial counties of the state, and these are expected to be functioning even more successfully by the time the increased number of soldiers arrive home from the distant camps and abroad, and the war industries have undertaken a comprehensive program for peacetime operations.

### DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable.

### MAY WEAR UNIFORMS HOME

Provision Applies to Reserve Officers When Transferred

Washington, Dec. 14.—The provision of section 123, national defense act, which permits any person who has been honorably discharged from the United States army, navy or marine corps, regular or volunteers, to wear his uniform from the place of discharge to his home within three months after date of discharge is held to apply to reserve officers when transferred from the active to the inactive list, according to a statement by the War Department.

Reserve officers, therefore, will be permitted to wear their uniforms from the place of last duty to their homes within three months of the date on which they were transferred to the inactive list.

### FEARS BOMB THROWERS

London, Dec. 14.—Several score of detectives, the pick of former Emperor William's force of sleuths at Potsdam, are at Amerongen, shadowing every movement of Herr Hohenzollern, according to the Amerongen correspondent of the Express, who says he has talked with some of these men. Herr Hohenzollern is said to be in constant dread of bomb throwers and other assassins, and always carries a small revolver.
